Greenhouse

Plants

JULIUS ROEHRS Co
RUTHERFORD NEW JERSEY

FALL 1931

BUSINESS TERMS

In a list of Greenhouse Plants in which pot sizes are given, it must always be borne in mind that Greenhouse Plants are continually growing; and every month they are shifted into different size pots, with the result that a list of this kind varies slightly from day to day. So, it is always advisable to call us up when you are using this list for estimating purposes to be sure that the particular sizes you are quoting on are available.

Photographs—To supplement our price list and facilitate the sale of specimen plants, we have established a photographic service for the use of our customers. It is our intention and it shall be our endeavor that if a picture of a specimen or unusual plant is desired we will be able, on two days notice, to supply this so that a picture of that particular plant may be shown to your customer. In this way we can assist you in selling the plant without the necessity of bringing your customer out here, if you should be pressed for time. Please remember that although you do make use of this picture service, we will always be glad to show you stock if you will come out to Rutherford.

Delivery and Packing—Most of our stock is delivered by our own trucks, and all prices, except where noted otherwise, include free delivery within a radius of thirty miles of our nursery. If outside this area, the stock will be shipped either express, freight, or truck, and the cost borne by the purchaser.

Terms—Where satisfactory credit has been established, bills are payable thirty days from date of shipment; or on the credit terms of the New York, New Jersey Plant Growers Association.

Goods desired C.O.D. must be accompanied by a remittance equal to 25% of the total value of order to guarantee acceptance. No flowering or perishable stock will be sent C.O.D.

All goods are offered subject to failures, shortages, or other causes beyond our control and to being unsold on receipt of order, and we reserve the right to advance prices without notice.

Claims—No claims will be entertained unless made within TWO days after receipt of goods.

Non-Warranty—Julius Roehrs Co. gives no warranty, express or implied, as to description, quality, productiveness, or any other matter, of any Trees, or Plants they sell, and will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms, they are at once to be returned.

Telephones:

New Jersey—Rutherford 2-0090 and 2-0091

New York—Longacre 5-1408

The prices quoted cancel all previous offers.

Snail Shells (with Bromeliaceas)	\$7.00-\$10.00-\$15.00

Greenhouse Plants

RECOMMENDED CARE OF PLANTS

We are often asked how much water a pot plant requires. There is no hard and fast rule. Where practical, and particularly in smaller size plants, it is advisable to use a saucer, and water sufficiently from the top until some of the water comes out at the bottom into the saucer. If this water in the saucer has not been absorbed by the next day, you are perfectly safe in not giving the plant any water that day. If it has disappeared, water again. On very hot days, where a pot is small and the foliage of the plant is out of proportion to the size of the pot, a plant of this kind very often requires two waterings a day.

KENTIAS and PHOENIX, particularly in the larger sizes need water and must not be allowed to DRY OUT. Once a week, and preferably twice a week, completely immerse the tub in a pail of water until the bubbles stop coming up from the earth, and daily give the plant water to keep the plant moist but not enough so that the pot or tub is standing in water. It has been found that direct sun rays will turn Palm leaves yellow. This must be considered in placing a plant.

Abbreviations: fl. Flowering greenhouse plants.
fol. Better known for their fine foliage.
Acacia longifolia. fl. Very free flowering.

	Each	Ten
4½ inch pots	\$ 4.00	\$30.00

HOW TO GET TO THE NURSERY FROM NEW YORK

BY AUTOMOBILE

VIA HOLLAND TUNNEL—Follow main line of traffic on top of viaduct until the road branches—one under viaduct other to right. Go under viaduct until you come out at a police booth; then turn right at signs to Bergen County and points north; continue along route No. 1 (Tonnelles Ave.), turning left at Paterson Plank Road in North Bergen and follow the trolley tracks until you reach the nursery.

23rd ST. ELECTRIC FERRY—Getting off ferry turn right on to East Drive, take first left (Highwood Terrace at 38th St.), keep going straight, crossing Hudson Boulevard turn right into Bergen Turnpike and next left into Paterson Turnpike; continue along trolley tracks.

42nd ST. FERRY TO WEEHAWKEN—At top of viaduct turn sharp left onto Boulevard East. Turn off Blvd. E. at 23rd St.; Electric Ferry signs, going straight ahead onto Highwood Terrace, continue as from 23rd St. Ferry.

125th ST. FERRY TO EDGEWATER—At top of viaduct take N. J. Route No. 5; leave No. 5 at Little Ferry bank on Williams Ave.; when you cross tracks at Teterboro Airport, take first left (Route No. 2) then keep on this to first trolley track which is Paterson Ave., turn right and continue straight ahead to the Nursery.

DYCKMAN ST. FERRY—Take first left (Sylvan Ave.) at top of viaduct, continue and make a right turn at Route No. 5 (125th St. Ferry approach). Continue as from 125th St. Ferry.

YONKERS AND ALPINE FERRY—Follow Palisade Blvd. south (Route No. 1) until you come to Route No. 5 (125th St. Ferry approach), turn right, and continue as from 125th St. Ferry.

BY BUS

Bus marked "Rutherford" from terminal at 51st St. and Broadway (Capitol Terminal), 37th St. and Sixth Ave., 23rd St. and Eighth Ave. (Cornish Arms), Hotel Astor Terminal, 36th St. and Sixth Ave. These buses do not pass the nursery. Get off in East Rutherford, corner Hackensack St. and Paterson Plank Road, take bus or trolley going toward Passaic or Paterson, riding about a mile to directly in front of the nursery. Otherwise, continue on the New York bus to Rutherford Station and take a taxi from there.

BY TRAIN

Take the Hudson and Manhattan Tube to Erie Station in Jersey City; the first stop on the Main Line is Rutherford; taxi from Rutherford.
